“Imagination is more important than knowledge. Knowledge is limited. Imagination encircles the world.”

Albert Einstein

A small step, to a stride, to the walk of whole Life...

There is a genius in every child, that needs to be seen and identified.
There is a genius in every child, that is to be moulded and crafted to perfection.
There is a genius in every child, that needs to be taught what to think and how to think.
Education is that weapon that can change the World and the World is waiting for that...

Pabitra Routray
Chairman

The Guiding Light

At SKIS we strive to create a dynamic environment for education and set the stage for a student's achievement and success. We encourage our students to challenge themselves, celebrating their creativity, initiative and individuality, through their daily interactions in the classroom as well as through their participation in many co-curricular programmes. Our students are provided with the foundation for a lifelong love of learning. We are partners in your children's education, so please keep an active and open line of communication with all of us at SKIS. It is our commitment to our students that we SHALL extend the best innovative practices in every sphere of their schooling.

Here, I wish everyone a significant and remarkable journey ahead!

S. Sarangi
Principal

Open you Child's Mind to a New School of Thought

Let the Children Play. Learning does not mean to be a book worm. It can also be derived from fun, stimulation or from any adventurous activities. Further, it enhances the ideologies of the students to be expert in both curricular and co-curricular activities.

Physical Space Translates into Mental Space.

It is the task of every School to bring out the best in every child. The first step in this process is to restore a child his childhood. It helps a child to become a self-possessed individual as well as a valuable member of the society. In short, it is a synthesis of modernity and traditional values which open the way towards Global perspective.

SKIS believes in these values as the morality stands a point of factor for a child's bright future. The school assembly encourages pupils to reflect upon universal values of kindness, love, respect, truth and cooperation. These values are taught in the school as SKIS believes that they are a key to a child's success in life.

Shree Krishna International School

Shree Krishna International School is prominently built up on a picturesque, lush green plot in Malipada, Bhubaneswar. It boasts of a sprawling campus of 2 acres full of greenery and an eco-friendly ambience. It has splendid building and state of the art facilities. The campus is eco-friendly and expansive: we believe physical space is essential for the growth of a child as it gets translated into mental space. Standard II to X in the Main

campus while Junior section comprising of Creche to Standard I is housed in a spacious building in the foothills of Khandigiri, Bhubaneswar. All efforts are handled to improve all round development of Students through various activities (indoor & outdoor). A complete education of a student required to present him to face the competitive world and to make him a good citizen. The school is striving for its vision with earnest efforts and enthusiasm.

We want
our students to be

Curriculum

Shree Krishna offers CBSE stream, under the guidance of renowned teachers. The school goes beyond to make one a simple literate. The school provides the necessary physical, emotional and aesthetic environment to help students to maintain balance and equilibrium in life both in relation to self and to the rest of the world, both Personal Success and with the wider Society. They will learn to be skeptical yet optimistic, doubting yet positive, intellectually uncomfortable yet constructive,

competitive yet not destructive. Education at Shree Krishna is experiential, joyful and focused on education for better understanding. We firmly believe that for effective learning, children must explore ideas rather than merely receiving knowledge. In all our teaching learning process, both practical experience and direct participation of the student are emphasized. Critical thinking is encouraged. Students carry on their own research instead of depending only upon teachers only upon teachers and text books.

Hygienic Food

Apart from maintaining hygiene and providing nutritious food, we ensure a Motherly touch while consuming the food and not make them feel home away. Our chefs can happily accomodate special dietary with catering requirements.

Library

The School library is the conducive place for study. It supports the students and teachers by providing current, adequate and appropriate information. It is also to ensure that all the students, teachers and staffs are effectively using ideas and information.

Gymnasium

Health plays an important role in every field of life and to maintain a healthy body and mind. The school has a full fledged gymnasium and indoor game facilities like badminton court, chess, carom, etc.

Clubs

Interactive and communicative learning are nurtured through Student Clubs which include Extempore on Scientific, Cultural, Educational, Social and Global Issues. Some how this also contributes for their all round development and enhancement of their inter-personal skills.

Transportation

To ensure less travelling time and Safe transportation, Trusted Vehicles and Drivers are sent to door step with 15-20 students in each Vehicle.

The School's spacious grounds

The process of learning goes beyond bookish knowledge,. The School's spacious grounds are attractively landscaped with carefully selected trees, bushes and flowering plants, creating a welcoming environment and providing pleasant meeting places for pupils during breaks. The students involve themselves in various indoor as well as outdoor activities by keeping the notion in mind that "A sound mind calls for an agile body".

Activity/Learning Centre

Club activities help the students to learn and practise skills that will help them to express their individuality. To nurture the talent of each student, SKIS has made extensive arrangements that enable the students to learn different arts, crafts, music and dance. The school provides a rich variety of activities namely as a club like Arts club, Music club, Sculpture & Pottery club, Dance club, Karate and Yoga classes for meaningful engagement depending on their needs and interests.

Sports & Games

The concept "HEALTH IS WEALTH" has motivated us to give equal emphasis to physical education along with the academic activities. Our school provides ample opportunities to develop physical health, positive personality and imbibe ethical social values by encouraging students participation in various sports activities.

Culture & Tradition

Culture is the widening of the mind and of the spirit. To inculcate this, the students are taught to pay respect to persons, places heritage, monuments, environment by organising various programmes regularly like Field Trip, Plantations, Skits, etc. We are dedicated to promote and develop the dignity and integrity of each person in an atmosphere of justice, love and respect.

"Any activity becomes creative when the DOER cares about doing it right or better."
